

Rebuild Colorado - EnergySmart Schools

Round Up the Savings...

**to get better
buildings**

The Governor's Office of Energy Management and Conservation developed the ***Rebuild Colorado*** program to help schools identify and assess energy-saving projects in buildings, and help make those projects a reality!

Call us when you ...

- ✓ Are strategizing to upgrade your buildings
- ✓ Are planning a new building
- ✓ Want to improve comfort and solve maintenance problems
- ✓ Are developing projects for capital improvement budgets (internal funds, bonds or grants)
- ✓ Want to use energy savings to pay for projects
- ✓ Want to bring energy costs under control

Free services for K-12 school districts:

- *Engineering study* to identify efficiency opportunities
- *Energy performance contracting* facilitation and engineering support
- *Commissioning* facilitation to tune up your buildings
- *Energy education* for all grade levels
- *High performance design* assistance for better buildings and LEED™ projects
- *Energy management* assistance and training for improving day-to-day operations
- *Engineering project analysis* for bonds or Colorado Department of Education grants
- *Presentations* to decision-makers
